

The Sun

The sun is shining from above
A gift of God's love

The sun gives off a bright golden hue
Bringing warmth to me and you

Sometimes it's so bright
I know I'm blessed by God's light

The sun burning in the west
Carries my dreams as I lay down to rest

When I wake I take a look outside to see
If the sun is there to welcome me

I'm happy God's wonderful grace gives me the sun
To warm the earth where I can play and have fun
