

The FACCS Speakers Bureau is proud to present:

Pastor Tony Hammon

Island Community Church and Christian School
Islamorada, FL
Senior Pastor and President

Biography

Atheist who turned to Christ! In 1972 I graduated from the University of Miami with a degree in biology education I was an atheist with little use for “God talk” or the church, but I was challenged to use my science background to disprove the claims of Christ. After a year of examination, I surrendered and received Christ as my Savior. Founded Island Christian School in 1974. I hold the following degrees - Associates degree, physical education; Bachelors degree, biology and secondary science; Masters degree, Secondary School Administration from Tennessee Temple University. Have been teaching Marine Biology for 30+ years; coached high school baseball 35 years and have Pastored Island Community Church from 1989 to present. Colleen is my lovely wife of 34 years. We have four wonderful grown children!

Topics Available

Understanding Teenagers

We often wonder as parents and teachers where the wonderful child we watched grow for 12 or so years have gone when puberty kicks in. It seems that their brains have suddenly lost all memory of anything we taught them and we feel like they would sell us to a band of gypsies to gain peer acceptance. The land mines waiting to blow up teens riddle the landscape. Understand and helping them understand the physiological and emotional changes they are going through; the pitfalls of peer pressure; and how to live out their God-given purpose is our challenge. We will address these issues and many more in this session.

Parenting Teens

Each time this workshop has been presented to teachers, I am amazed at how many of them confess that they are really attending the session because they need help with their own teenager. This seminar is designed to help us raise our teens with a focus on the God-given SHAPE that they each have, so that as they step into adulthood they will have a desire to live as vibrant, life-giving followers of Christ.

Leadership Principles for the Christian School

After spending years of studying leadership, reading about leadership, attending leadership training, and leading, I am convinced that Christian schools and churches need a fresh look at leading into the 21st Century. These sessions are designed to help Pastors and School Administrators think through some key leadership principles.

If you are interested in booking Pastor Hammon to speak at your school, convention, conference, church service, or special meeting, please contact the FACCS Office of Program Services at ops@faccs.org or 954-517-9500 to check availability.
