STANFORD 10 AND OLSAT8  
CUSTOM SCORE REPORT PACKAGE**

**OLSAT**  
Otis-Lennon School Ability  
Eighth Edition

## FEATURES OF THE IACCS STANFORD 10/OLSAT8 TESTING PROGRAM CUSTOM SCORE REPORT PACKAGE

- ⇒ **Critical, Action-Oriented Information**—Stanford 10 helps educators make data-driven decisions. A range of user-friendly score reports supports teaching and learning and accountability requirements. Through the Stanford 10 reports,
  - ⇒ Parents better understand their child’s achievement level and get direction for home involvement.
  - ⇒ Teachers receive specific information for instructional planning for individual students and the class, and for improving their own teaching.
  - ⇒ Administrators obtain critical data to document and monitor the progress of all children and to disaggregate results according to federal mandates.
- ⇒ **National Norms to Reference the K-12 Student Population**—Stanford 10’s national reference norms allow educators to compare performance with that of a representative sample of students across the country using current information.
- ⇒ **Local Norms to Reference the IACCS Student Population**—The IACCS Stanford 10/OLSAT8 testing program offers local reference norms allow educators to compare performance with that of other IACCS students participating in the testing program using current information.
- ⇒ **Developmental Scale to Continually Monitor Achievement**—The Stanford Scale expresses student performance across all test levels of a subtest. For example, the Reading Comprehension subtest is linked across eleven test levels from Primary 1 through TASK 3, forming one continuous scale that makes it possible to compare scores from test level to test level. This scale is especially helpful for comparing student performance in a particular subject area over time. The Stanford Scale offers an objective, consistent tool to monitor student achievement across years and multiple assessments.
- ⇒ **Lexile<sup>®</sup> Measure**—The Lexile framework is a tool that allows teachers to match students to specific texts. It defines and sequences books and other reading materials in terms of difficulty and provides a way to link students’ reading achievement to that scale. This score identifies each student’s level of reading and provides a means to match students to appropriate reading materials. This is an optional service on the IACCS score reports.
- ⇒ **Stanford 10 Supportive Materials**—Maximize your Stanford 10 experience with targeted supplementary materials before testing to help prepare, after testing to help interpret test results, throughout the year to help teach.
  - ⇒ **Stanford 10 Support Material for Teachers**
    - ◆ Compendium of Instructional Standards: Describes the structure of Stanford 10 according to the content standards and cognitive processes measured by the items.
    - ◆ Guide for Classroom Planning: Teachers will gain a greater understanding of test results with the Guide for Classroom Planning. This guide includes sample test questions with annotations and a complete list of objectives to help teachers understand what is tested and how it is tested. It shows teachers how to interpret and use test results to group students for instruction, as well as how to evaluate achievement and set instructional priorities.
  - ⇒ **Stanford 10 Support Material for Parents**
    - ◆ Preview for Parents: Gives an overview of Stanford 10 and explains how parents can help their children prepare. Brief descriptions and sample questions for each content area inform parents about the skills and abilities measured. Available in English and Spanish.
    - ◆ Understanding Test Results: Designed for parents and older students. Explains why standardized tests are given and how to interpret the results. Includes sample score reports. Available in English and Spanish.
  - ⇒ **Stanford 10 Support Materials for Students**
    - ◆ Stanford 10/OLSAT8 Practice Tests: Helps students become familiar with test directions, sample items, and responding to questions.
    - ◆ KeyLinks<sup>®</sup>—The Connection Between Instruction and Assessment: Allows students to develop test-taking strategies in answering multiple-choice and open-ended test questions while teachers evaluate student performance in the content areas. Available for Reading/ Language Arts, Mathematics, and Science.

**INTERNATIONAL ASSOCIATION OF CHRISTIAN COLLEGES & SCHOOLS (IACCS)  
TESTING PROGRAM**

**Stanford Achievement Test Series, Tenth Edition (Stanford 10 Form A) and  
Otis-Lennon School Ability Test, Eighth Edition (OLSAT8)**

**Spring 2012 Test Administration**

**COMPLETE BATTERY SCORING SERVICES**

**IACCS Custom Score Report Package includes the following reports:**

- ⇒ Student Report with Clusters\* – 1 copy (Class)
- ⇒ Student Report with Narrative\* – 1 copy (Class)
- ⇒ Group Report with Clusters – 1 copy (Class)
- ⇒ Group Report with Clusters – 1 copy (School)
- ⇒ Student Record Label – 1 copy (Class)
- ⇒ Master List of Test Results – 1 copy (Class)
- ⇒ Master List Summary – 1 copy (Class/School)
- ⇒ OLSAT8 Summary – 1 copy (Class/School), when tested in combination with Stanford 10

\*Lexile Measure available as an optional service on these reports.

The per pupil fees listed below include the IACCS Custom Score Report Package, the per student Rollover Norms Fee, and the per student IACCS Special Program Fee. All costs reflect the IACCS program discounts from current catalog prices.

| <b>Grade Levels</b> | <b>Description</b>   | <b>Per Pupil Scoring and Reporting Fee</b> |
|---------------------|--|--|
| K-3                 | Stanford 10 Consumable Test Booklets<br>(Test Levels: SESAT2—Primary 3)                          | \$12.43                                    |
| K-3                 | Stanford 10 with OLSAT8 Consumable Test Booklets<br>(Test Levels: SESAT2—Primary 3 with A/B/C/D) | \$15.13                                    |
| 4-12                | Stanford 10 Answer Documents<br>(Test Levels Intermediate 1—TASK 3)                              | \$10.40                                    |
| 4-12                | Stanford 10 with OLSAT8 Answer Documents (Test Levels Intermediate 1—TASK 3 with E/F/G)          | \$12.43                                    |

**IACCS Rollover Norms Set Up fee of \$300.00 will be equally distributed among participating IACCS schools.  
IACCS Regional Report Set Up fee of \$583.00 will be equally distributed among participating IACCS schools.**

PLEASE NOTE: If you are testing OLSAT8 for grades K-3, students will use the machine-scorable OLSAT8 test booklets at the corresponding test level (A/B/C/D). Students in grades 4 and higher will use the combined Stanford 10/OLSAT8 answer document for (levels E/F/G).

**The following Optional Scoring Services can be ordered on page two of your Special Program Order for Scoring Services (SPOSS) form. The fees for these Optional Scoring Services are in addition to the above listed fees.**

**OPTIONAL SCORING SERVICES**

| <b>Optional Service</b>                                 | <b>Fee</b>   |
