

## Rose's New Friend

Rose is a pretty girl. She ran fast to the park because she wanted to play. She played, and she played, and she played. Then all of a sudden. She saw a big mean Dinosaur.

"I'm going to eat you up," said the Dinosaur. "Why do you want to eat me?" said Rose. "Because I am so hungry," said the Dinosaur. "I have not eaten in a long time. That's why I have been trying to eat people for a long time," he said.

"I am so hungry, will you feed me please? I will do anything for some food," said the Dinosaur. "I will take out the trash. Just feed me! I will wash your dishes. Just feed me! I will clean your room. Just feed me," said the Dinosaur. Rose said, "yes!"

Rose gave him chicken with rice. The Dinosaur felt good. He stopped eating people. And he became Rose's best friend.
